

# FIELD AGENT HD

## Collect and preserve video evidence

The StarWitness® Field Agent HD Kit contains everything you need to perform successful recoveries of video evidence from digital CCTV surveillance systems at the scene of the crime.

No more recording the screen with your phone as a last resort. You'll have the ability to capture high-quality video directly from the display of the CCTV system, including HDMI. The included FreezeFrame UHD software lets you easily clarify videos for success in the courtroom.

*"The CHP has been pleased with the ease of use and quality images achieved through our use of the FreezeFrame software."*

Computer Crimes Investigations Unit  
California Highway Patrol

### Comprehensive

The Field Agent HD imports over 20 digital file formats including everything from exclusive CCTV videos to ultra-high definition surveillance video.

### Accredited

Certified by primary local, state, and federal law enforcement agencies including ASCLD-certified facilities.

### Powerful

Includes a high-performance laptop with FreezeFrame UHD software with all the tools you need to enhance details in your video evidence.

# FIELD AGENT HD

## Features and Benefits

### Easy Deployment

Light-weight rugged case includes all the equipment you need to recover and analyze video evidence.

### Works on Any Video

The included FreezeFrame UHD software works on any video including surveillance videos from CCTV systems, videos from smart phones, videos from covert cameras, and videos captured from the Internet.

### User Features

On-screen software features include the ability to adjust brightness and contrast, sharpen, zoom, spotlight, blot out faces, and export/import options.

### Fast Information Gathering

FreezeFrame UHD software automatically detects motion in any video and places a bookmark at each point of motion. No more scrolling through hours of video footage.

## Specifications

Computer Case	Laptop
Processor	Intel
Operating System	Windows 10 Professional 64-bit
RAM	8 GB
Optical Drive	DVD+/-RW drive
Audio Capture	Integrated high-definition
Video Capture	Composite and s-video capture via USB2.0, uncompressed
Networking	Integrated 10/100/1000 GB Ethernet
Included Software	FreezeFrame UHD
